1 Executive Summary

This report summarizes the key performance indicators for Q1 2026. Revenue increased by 15% year-over-year, while operating costs decreased by 3%.

2 Financial Overview

2.1 Revenue Analysis

Total revenue reached \$4.2 million, driven primarily by enterprise subscriptions. The SaaS segment contributed 68% of total revenue, up from 61% in Q4 2025.

2.2 Cost Structure

Operating expenses totaled \$2.8 million. The largest categories were: personnel (52%), infrastructure (23%), and marketing (15%).

2.3 Profitability

Net income was \$1.1 million, representing a 26% margin. This is a significant improvement from the 19% margin achieved in Q1 2025.

3 Product Metrics

3.1 User Growth

Monthly active users grew to 142,000, a 28% increase from the previous quarter. Daily active users averaged 67,000.

3.2 Engagement

Average session duration increased from 8.2 minutes to 11.4 minutes. Feature adoption rates for the new dashboard exceeded 73%.

4 Outlook

Based on current trends, we project Q2 revenue of \$4.8 million and continued margin expansion. Key risks include rising infrastructure costs and competitive pressure in the mid-market segment.
